

You are invited to participate with the City of Riverside in creating a vision and solving important planning issues that will shape the future of your University neighborhood.

The City of Riverside is seeking community input for development of the City's first Neighborhood Plan, under the provisions of the new General Plan. All residents interested in defining the future for your unique University Neighborhood are invited to attend.

Meeting participants will have an opportunity to express their ideas and concerns about important issues such as:

- Land Use
- Parking
- Traffic
- Parks and Open Space
- Noise
- Additional quality of life concerns and issues
